

Opioid Abatement Council

FY2023 Annual Report

Report No. 2 | September 30, 2023

Mary Shelton, Executive Director

Dr. Stephen Loyd, Council Chair

Executive Summary

As outlined in Tenn. Code Ann. § 33-11-105(b) the Council shall create and the Director shall deliver to the Governor, the Speaker of the Senate, the Speaker of the House of Representatives, the Chairs of the Government Operations Committees of the Senate and House of Representatives, and the Chairs of the Finance, Ways, and Means Committees of the Senate and House of Representatives on or before September 30 of each year an annual report for the prior fiscal year that details the following:

- Total funds deposited into the opioid abatement fund,
- The abatement strategies funded, and
- Any disbursement or expenses paid from the opioid abatement fund.

Highlighted FY2023 (July 1, 2022 – June 30, 2023) Key Activities

- Executive Director, Mary Shelton, began employment on September 6, 2022
- Opioid Abatement Council Staff were appointed: Project Administrator, Ella Reding, and Program Manager, Elizabeth Rickman-Vaden, began employment on December 5, 2022, and January 6, 2023, respectfully
- The Opioid Abatement Council met 8 times via 3 virtual and 5 in-person meetings
- First Annual Payments totaling \$31.4 million were paid out to all 95 Counties in February and March
- Began planning and design for the Community Grant application, which is expected to open on September 1, 2023

The Focus of this Annual Report

This report covers only those funds disbursed to the opioid abatement trust fund which is managed by the Opioid Abatement Council. The trust fund, formally named the Tennessee Opioid Abatement Fund Trust, was established by statute in 2021. The trust agreement was adopted by the Opioid Abatement Fund Trust Board of Trustees on April 13, 2022.

Gratitude for the Attorney General's Office

The Opioid Abatement Council would like to acknowledge the years of work by staff of Tennessee Attorney General's Office as they negotiated the multiple settlements which are paying dollars now available to prevent and address the misuse and abuse of opioid products and treat or mitigate opioid use or related disorders or other effects of the opioid epidemic. They continue to lead future negotiations and offer valuable guidance to the Executive Director and the Opioid Abatement Council.

Council Overview

Tennessee’s Opioid Abatement Council was created by the Tennessee General Assembly in Public Charter 491 to manage the disbursement of proceeds from lawsuits relating to opioids. The Opioid Abatement Council upholds the responsibility to ensure the disbursements of these funds go toward funding programs, strategies, expenditures, and other actions designed to prevent and address the misuse and abuse of opioid products and treat or mitigate opioid use or related disorders or other effects of the opioid epidemic. The Department of Mental Health and Substance Abuse Services (TDMHSAS) staffs the Council and provides administrative support.

Law related to the Opioid Abatement Council is found at T.C.A. §§ 33-11-101 et seq. Law related to the Opioid Abatement Trust Fund is found at T.C.A. §§ 9-4-1301 et seq.

Council Members

As established by the Tennessee General Assembly in statute, the Council is to have 15 voting members who are appointed by the Governor, the Lieutenant Governor, the House Speaker, the Tennessee County Services Association, and the Tennessee Municipal League. TDMHSAS Commissioner Marie Williams serves as a non-voting member.

There are 15 Council members including the Chair.

Quotes from Council Members

"This past state fiscal year for the Opioid Abatement Council has laid the foundation for years of impactful investment to make the most of the opioid litigation dollars coming to Tennessee. Our proudest achievement was the initial disbursement of \$31 million directly to county governments in early 2023. Also in the last fiscal year, our council staff took on the herculean task of building a grant application and disbursement process from scratch. That work combined with the engagement of our members and their willingness to look at all components of a recovery-oriented system of care shows that Tennessee's Opioid Abatement Council truly had a full and meaningful year of work."

Dr. Stephen Loyd, Chair of the Opioid Abatement Council, quoted:

Dr. Ken Moore, Mayor of Franklin, quoted:

"Tennessee has not been immune to the opioid pandemic and the devastation brought upon the families of over 70,000 of our fellow citizens. The work of the Opioid Abatement Council will distribute the millions in settlement funds toward programs, strategies, and expenditures that lead to healing, hope, and wholeness to Tennesseans and their families who have suffered and been impacted by opioid use disorder. The OAC has begun the process in a transparent and professional fashion by the sixteen professionals authorized by the Tennessee General Assembly."

"During my career as District Attorney, I signed countless autopsy orders for individuals who had died as a result of opioid overdoses. I quickly realized that this curse affected all facets of our community. Opioid misuse was present in every socio-economic group in our community. People who had much to contribute to society were suddenly no longer with us. Families were torn apart. I am proud of the work the OAC is doing to ensure that the monies received in the State of Tennessee will be used to end this epidemic that has affected us all. Hopefully someday, our opioid crisis will be studied like we study plagues from medieval times."

Mike Flynn, Blount County District Attorney General, quoted:

Lisa Tipton, Families Free, quoted:

"The work of the OAC continues to be both a compassionate response to the devastation wrought by the misuse of opioids in our state and visionary in how these funds can be invested in strategies to bring healing and restoration to individuals, families, and systems across TN. The combined experience of this appointed to the counsel brings together a high-capacity team that will enact solutions to some of the biggest problems facing our state and nation. Families Free encounters many families each day whose futures depend on the work of the leadership of our state and this council provides a framework for real change to take root and improves lives across our communities."

Council Office Staff

Elizabeth Rickman-Vaden, Mary Shelton, Ella Reding

The Opioid Abatement Council's current staff members include Mary Shelton, Executive Director; Ella Reding, Project Administrator; and Elizabeth Rickman-Vaden, Program Manager.

The OAC Office requested new positions to meet the growing business needs and these were approved by the Opioid Abatement Council members on May 24, 2023. The filling of these positions is still occurring and we are making good progress.

Approved new positions for the Opioid Abatement Council Office:

- Deputy Director
- Executive Administrative Assistant
- Grants Program Director
- Grants Analyst (2 positions)
- Accountant 3 (2 positions)
- Attorney 3 (.25 time)

Council Responsibilities

The Opioid Abatement Council upholds the responsibility to ensure the disbursements of these funds go toward funding programs, strategies, expenditures, and other actions designed to prevent and address the misuse and abuse of opioid products and treat or mitigate opioid use or related disorders or other effects of the opioid epidemic. Disbursement directives include:

- Funding or supporting opioid abatement and remediation purposes and related administrative costs
- Creating a list of approved programs for opioid abatement and remediation for use by the council, state, or local government
- Creating a certification process through which government entities verify the use of funds for programs on the council's list of approved programs

- Incorporating input from the TDMHSAS Statewide Planning and Policy Council's Need Assessment Process
- Developing policies for stakeholder input
- Reporting annually on funds deposited, strategies funded, and disbursements of the funds

Council Meetings

The Opioid Abatement Council is required by statute to meet at least quarterly and move the meetings between the three grand regions of Tennessee.

In FY2023, the Council met 8 times, calling 3 virtual emergency meetings which were necessary to plan for and vote to approve new positions, policy statement and next steps to disburse the funds to the counties and to prepare to disburse the funds to the community.

The Council meetings are held in compliance with the open meeting requirements of title 8, chapter 44 of Tenn. Code Annotated. The meetings are held in-person with a virtual option for attendees to view and listen to the meeting. On average, there are about 40 guests at each meeting (including virtual and in-person).

The Opioid Abatement Council hears a brief reflection from the Council Chair at the start of each meeting on "Our Why", which grounds us and reminds us of our mission.

At the end of each meeting, the Council Chair asks those present either in-person or virtually if there is anyone who wishes to make a public comment.

Council Vision

"To approve and allocate the dollars through the Opioid Trust Fund so that Tennesseans struggling with opioid addiction with or without chronic pain find relief and pathways of recovery to bring hope and restoration through effective and transparent work for all Tennesseans, which will bring prevention and support for those families impacted by opioid use disorder."

Approved by the Opioid Abatement Council on December 5, 2022

Date of Council Meeting	Location
July 8, 2022	Nashville, TN
September 30, 2022	Knoxville, TN
December 5, 2022	Jackson, TN

Opioid Abatement Trust Fund

The settlement agreements all devote the largest share of money to a fund restricted to future abatement. In Tennessee, payments are placed in the Tennessee Opioid Abatement Fund. This is a trust fund, separate from the State’s General Fund, and money in the fund must be spent of future opioid abatement and remediation.

Disbursement of Funds based on Public Charter

The Opioid Abatement Council is entrusted to manage **70%** of the funds received from settlements and bankruptcies. These funds are deposited in the Opioid Abatement Trust Fund.

- 35% will go to all 95 counties based on a calculation agreed on by the Attorney General’s Office and all counties. All 95 counties will receive at least one annual payment during Quarter 1 of each calendar year.
- 65% is available for the community to apply for funding.

Total Funds Deposited into the Opioid Abatement Trust Fund, FY2023

During FY2023, 5 deposits were made to the Opioid Abatement Trust Fund.

Company	Amount
Distributor Settlement p1	\$14.9 million
Distributor Settlement p2	\$15.7 million
Distributor Settlement p3	\$59.7 million
Mallinckrodt Payment	\$4.1 million
McKinsey Payment	\$651 thousand
Total Deposits	\$95 million

The Tennessee Treasury manages the Opioid Abatement Trust Fund.

Total Funds Disbursed from the Opioid Abatement Trust Fund, FY2023

Disbursements	Amount
Disbursements to Counties	\$31.4 million
Departmental Expenses	\$1.35 million
Total Disbursements	\$32.75 million

Current Balance of the Opioid Abatement Trust Fund

The Tennessee Department of Mental Health and Substance Abuse Services (TDMHSAS) Fiscal team provides a monthly Opioid Abatement Trust Fund Activity statement for the Opioid Abatement Council.

As of July 30, 2023, the balance in the Opioid Abatement Trust Fund is:

\$78,871,342.86

Here is the most recent Activity Statement:

Opioid Abatement Fund Activity		
As of the Period ended of June 31, 2023

Net Cash Available			78,871,342.86

County Annual Payments

The counties receive 35% of the Opioid Abatement Trust Fund. Here is an overview of our activities which expedited the first annual payments to all 95 counties totaling \$31.4 million in February and March of 2023.

County Letter of Agreement

A Letter of Agreement (LOA) is a document between the Opioid Abatement Council and each county, stating the guidelines for the Opioid Abatement Funds. Each county is required to execute the LOA prior to disbursement of funds.

- The Letters of Agreement (LOA) are sent via Adobe sign.
 - **Disbursed funds must be spent on opioid abatement and remediation purposes.**
- All records shall be maintained in accordance with state law.
- The county shall obligate all funds for specific purposes as consistent with the agreement within the initial two-year time period of the four-year time period.
- By statute, counties must report semi-annually on the use of funds received through disbursements from the Opioid Abatement Trust Fund.
- For this report, the Council will be using Formstack as their report platform.

Tennessee Department of Mental Health and Substance Abuse Services (TDMHSAS) attorney assigned to the Opioid Abatement Council Office, will annually review, and approve the Letter of Agreement.

The Opioid Abatement Council has set out the high-level requirements for the semi-annual reports in the Letters of Agreement with each county, which include identifying the types of abatement and remediation strategies funded and number of people served. The current copy of the Letter of Agreement can be found in **Attachment A (page 19)**.

County Semi-Annual Report

The platform, Formstack, is used to collect data of how the counties are utilizing the fundings. Reports showing how the Opioid Abatement Trust Funds were allocated and/or spent are due from each county by September 30 and March 31 of each year.

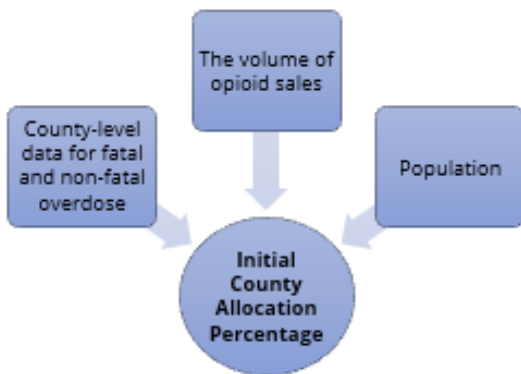

Data gathered will highlight:

- Allocation of the funding received by counties
- Which strategies/categories the funding was spent on
- Positive outcomes

To view the Formstack application, see **Attachment B (page 22)**.

County Funding

- All 95 counties will receive at least one annual payment from the Opioid Abatement Trust Fund during Quarter 1 of each calendar year.
- [Tennessee Abatement Fund Initial County Allocation Percentages](#)
- The data used to determine the amount each county will be receiving, are based on the Initial County Allocation Percentage.

The County Allocation Percentage is based on the data that is updated by the TN Department of Health.

Year of County Allocation Updated	Non-fatal (Feb-Apr) Data Updated	Fatal (Oct-Nov) Data Updated	County population
2021	2018	2019	2020
2027	2024	2025	2026
2031	2028	2029	2030
2035	2032	2033	2034
2039	2036	2037	2038

The Opioid Abatement Council relies on data collected by the Tennessee Department of Health for the County Allocation Percentage.

Data	Source	Report Time	Lag Time
Fatal Overdose	TN Death Statistical File	Next update is October 2024	9-10 months (allows staff to get toxicology results back)
Non-fatal Overdose	TN Hospital Discharge Data Set (HDDS)	Next update is April 2024	13 months (Mandated by Law)
Prescription Trend	Controlled Substance Monitoring Database (CSMD)	Next update is April 2024	2-3 months (allows staff time to do analyses on data and produce the information)

All 95 counties have received their 1st payments from the Opioid Abatement Trust Fund.

As of April 10, 2023, all 95 counties have received their share of \$31,425,153 through their first annual payment.

The annual payments will continue for at least 17 years with payment during the 1st quarter of the calendar year.

Opioid Abatement Trust Funds Paid to Counties 2023

COUNTY	PAYMENT	COUNTY	PAYMENT	COUNTY	PAYMENT	COUNTY	PAYMENT
Anderson	\$425,159.28	Grainger	\$111,992.42	Marshall	\$168,177.75	Trousdale	\$63,825.94

Community Grants

The community receives 65% of the Opioid Abatement Trust Fund. Here is an overview of our activities which began in Winter 2022 and continued through Summer 2023. We anticipate this will allow for a September 1, 2023, opening of the Community Grant applications.

Funding Information

Project duration is flexible based on Proposer’s demonstrated need, timing of the program. The Opioid Abatement Council has not set a maximum funding amount for each approve application, though amount will be based on guidance set by the Council. Grant contracts awarded must comply

Timing of the funding is flexible and based on OAC approval for either 1, 2, or 3 years.

with all applicable contract requirements and the Proposer’s application and will be subject to both programmatic and fiscal monitoring. The Opioid Abatement Council Community Grants will be funded on a quarterly basis and the funds are not considered federal or state. Grantees will submit semiannual reports to the Opioid Abatement Council Office and will also be subjected to fiscal and program monitoring, which will be performed by TDMHSAS and/or the Opioid Abatement Council Office.

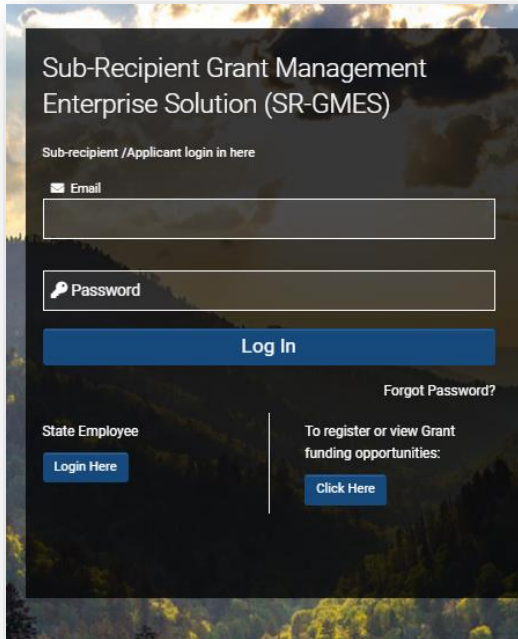

Grant Application Platform

- SmartSimple

The Opioid Abatement Council is working with Strategic Technology Solutions (STS) located within the Department of Finance and Administration, to customize the state-owned platform for the grant application portal. Since this platform is owned by the State of Tennessee, no Opioid Abatement Trust Funds are spent on this project.

- Community Grant Application Portal

The Community Grant applications will be submitted through the Sub-Recipient Grant Management Enterprise Solution, State of Tennessee Portal. The Community Grant application can be found in **Attachment C (page 25)**.

We would like to highlight our positive experience with the SmartSimple platform and the Sub-Recipient Grant Management Enterprise Solution.

The STS staff are helpful and responsive to our needs and we expect a timely go-live.

Criteria for a Qualified Grant Application

The eligible projects are listed on [Tennessee's Opioid Abatement & Remediation Uses](#). The Proposer must be located in Tennessee and request funding for the projects listed on the Tennessee's Opioid Abatement & Remediation Uses.

Grantees are selected based on how the project's impact, innovation, integration, evidence base, feasibility, sustainability, and credibility within the systems which work towards opioid abatement and remediation.

- Proposal Scoring and Selection

Proposals are scored based on the ability to demonstrate the intended success of the project. Based upon the evaluations, proposal selections will be made and submitted for final approval to the Opioid Abatement Council. Grantees will be notified of their approval via email of next steps.

Town Halls

The Opioid Abatement Council hosted three Town Hall meetings at the end of July 2023 in Murfreesboro, Cleveland, and Dyersburg with about 110 people attending total.

The meetings were an opportunity for OAC Council Chair, Dr. Stephen Loyd, OAC Executive Director, Mary Shelton and OAC Project Administrator, Ella Reding to hear what is working and what is not working with opioid mis-use prevention and treatment in Tennessee communities.

The Council will schedule additional Town Hall meetings through 2023 and annually thereafter. All upcoming meetings will be announced via a mailing list and our Opioid Abatement Council's website.

Attachment A

Letter of Agreement 2023

**LETTER OF AGREEMENT:
OPIOID ABATEMENT FUND DISBURSEMENT AGREEMENT
FOR COUNTY ENTITIES**

Date: **DATE**

To: The Honorable **NAME OF COUNTY MAYOR**
COUNTY
ADDRESS

From: Dr. Stephen Loyd, Chair of the Tennessee Opioid Abatement Council
Mary Shelton, Executive Director of the Tennessee Opioid Abatement Council

On May 24, 2021, the Tennessee General Assembly passed Public Chapter No. 491 establishing the Opioid Abatement Fund and the Opioid Abatement Council.

The Opioid Abatement Fund is the designated repository of funds that are either dedicated to opioid abatement or remediation or are otherwise directed to abatement or remediation and that are received by the state pursuant to a judgment on opioid-related claims, a recovery in bankruptcy on opioid-related claims, or a settlement of opioid-related claims. *See* Tenn. Code Ann. § 9-4-1304.

The Opioid Abatement Council is responsible for disbursing funds from the Opioid Abatement Fund. Pursuant to Tenn. Code Ann. § 33-11-103(p), for proceeds from the statewide opioid settlement agreements with McKesson Corporation, Cardinal Health, Inc., AmerisourceBergen Corporation, or Johnson & Johnson or affiliates or subsidiaries, thirty-five percent (35%) of the proceeds received shall be disbursed to counties that joined those settlements.

These funds allocated to counties *must be spent on opioid abatement and remediation purposes* that are specifically approved by the Opioid Abatement Council and included on a list of approved programs created by the Opioid Abatement Council. *See* Tenn. Code Ann. § 33-11-103(r), (s). Please see Attachment A for a list of these approved abatement and remediation activities.

In accordance with the above, the Opioid Abatement Council is disbursing **INSERT AMOUNT** to **INSERT COUNTY**.

If your county chooses to accept these funds, sign this agreement (include your taxpayer identification number and requested contact information) in the space provided below. Your signature serves as your county's acceptance of the following terms and conditions:

- a) Your county agrees to utilize this money only for approved opioid abatement and remediation activities outlined in Attachment A. By signing below, you, as the representative for your county, certifies that your county will only use these funds for the approved opioid abatement and remediation activities listed in Attachment A.
- b) Your county agrees to report on a semi-annual basis to the Opioid Abatement Council requested information. This request information may include, but not be limited to, the following:
 - (1) what abatement and remediation strategies on Attachment A your county funded with these funds,
 - (2) the number of people served with these funds, when the funds were spent, and
 - (3) the total amount of funds spent delineated per abatement and remediation strategy as identified on Attachment A.

More information on how to report this information will be sent to your county at a later date.

- c) If your county fails to fulfill the obligations under this agreement, the State shall have the right to seek restitution, pursuant to the laws of the State of Tennessee, against your county for payments made to your county under this agreement.
- d) Your county's records and documents, insofar as they relate to the performance of your county's obligations or to payments received under this agreement, shall be maintained in a manner consistent with the accounting procedures of the Comptroller of the Treasury, pursuant to Tenn. Code Ann. § 4-3-304 and applicable rules and regulations thereunder.
- e) The funds received shall be placed in an interest-bearing account until such time as they are used for the purposes set out in this agreement. The funds received shall be distributed to the county for an initial total time period of four years. The county shall obligate all funds for specific purposes as consistent with this agreement within the initial two-year time period of the four-year time period. At any time during the four-year time period, the county may spend the funds. At the expiration of the four-year time period, the unspent funds shall revert back to the State's Opioid Abatement Fund, unless the county requests in writing and receives approval from the Council for additional time. At the expiration of the four-year time period or at the end of any extension granted by the Council, if any portion of the funds are not expended, the unexpended portion plus any accrued interest shall be returned to the State's Opioid Abatement Fund. At the expiration of the four-year time period or at the end of the extension granted by the Council, if any portion of the funds are obligated but unspent and the Council has not approved an extension, the county shall be responsible for the obligation.

We encourage you to return these materials as soon as possible. The State is prepared to process this agreement and issue payment in a timely fashion, upon receipt of these materials.

If you should have any questions or comments or need any assistance responding to this request, please contact Mary Shelton, Executive Director of the Tennessee Opioid Abatement Council at 615-946-9193 or mary.shelton@tn.gov

Please retain a copy of this letter for your records.

On behalf of **INSERT COUNTY**, I hereby agree to the aforementioned terms and conditions. By signing, I certify that **INSERT COUNTY** will only use these funds for the approved opioid abatement and remediation activities listed in Attachment A.

Community Grant Application

To ensure that the applicants have sufficient time to compile information for the application, the Council is now posting the application. Please note that once the application is live, there may be minor changes in the wording or the order of the questions.

.....

Organization Information

1. Organization name:
2. Date organization established:
3. Organization address:
4. Does this organization have an office or physical presence in Tennessee?
 - a. Please provide the physical address for the Tennessee location (if more than one address exists, please provide the most pertinent):
5. Primary Contact information:
 - a. Name:
 - b. Phone number:
 - c. Email:
6. Name of Chief Executive Officer or President of the organization:
 - a. Name:
 - b. Phone number:
 - c. Email:
7. Tax Identification Number:
8. Has this organization Received a 501(c)(3) Determination Letter?
9. Is this organization licensed by the Tennessee Department of Health?
 - a. If yes – list license name and number:
10. Is this organization licensed by the Tennessee Department of Mental Health and Substance Abuse Services?
 - a. If yes, list license name and number:
11. How many employees are in this organization? How many volunteers serve in this organization?
12. What is the annual operating budget of the organization?

Funding Request

1. Project name:
2. Select the strategy that best fits this project:
 - a. Primary Prevention
 - b. Harm Reduction
 - c. Treatment
 - d. Recovery Support
 - e. Education/ Training
 - f. Research or Evaluation of Abatement Strategy Efficacy
3. Funding amount requested:
 - a. Please attach an itemized budget for the project showing all sources of income and proposed expenditures for the project that clearly indicates how the requested funds will be used.
4. What is the proposed timeframe for spending the funding?
 - a. 1 Year
 - b. 2 Years
 - c. 3 Years
5. Brief description of the project: (200 words)

Detailed Project Description

The State of Tennessee is committed to combating the opioid epidemic by collaborating with other states and organizations. The state wants to ensure that proposed approaches have been proven to be effective.

Below are seven categories that will be used in the evaluation process to determine grant funding to aid in prevention, harm reduction, treatment, recovery support, education and training, research and evaluation of abatement strategy efficacy.

Briefly explain how your project will assist in combating this epidemic.

Impact

The citizens of Tennessee are experiencing epidemic levels of addiction, overdoses, and death secondary to opioid use disorder. Therefore, having a positive impact on Tennessee's opioid crisis is imperative. The responses below should explain how the project will impact Tennesseans and define the target population (including age and other relevant demographic information).

- 1) How many persons will be impacted? How will they be affected and for how long do you expect the impact to last?

- 2) How will your organization measure the success of the project? What outcomes will you track and what will be the frequency of assessment?
- 3) When developing a proposal for the opioid crisis the organization must consider how accessible their services will be to those affected by the crisis. How will the organization ensure accessibility to the proposed services?
- 4) How will inequities in care be remediated?
- 5) What area(s) of Tennessee will be served by the project?

Innovation

The opioid crisis has existed for decades, and innovative measures have been used, but must continue to be developed to assist in combating the epidemic. The responses below should highlight how your organization plans to incorporate innovative measures such as medical technologies, partnerships, alternative paths, etc.

- 1) What new approaches to existing challenges are proposed in this project?
- 2) Is there a plan to share learnings with the medical and larger communities? If so, how will this be accomplished?

Integration

When combating an epidemic, organizations must often research, collaborate and use resources from other community efforts to be effective. In this section, the applicant must briefly explain how their services (existing and proposed) integrate with existing efforts.

- 1) How does the proposed project fit within the existing ecology of opioid prevention and care?
- 2) Are there plans to incorporate collaboration with other community resources? If so, please describe these plans.

Evidence Base

Much evidence-based strategies have been used over the years to assist with the opioid crisis such as screening for fentanyl, academic detailing, syringe services programs, etc. The response in this section should list the proposed approach and any references that would provide evidence of its success.

- 1) Please describe the evidence that supports your proposed approach. Include relevant references.

Feasibility

The response in this section should describe the applicant's management plans such as supervision of program, qualifications of management and staff, etc.

- 1) Please describe your business and/or management plan for the proposed project.

- 2) Please provide information about staff and resources allocated to the project and available infrastructure.

Sustainability

The applicant must consider if and how the proposed project will continue once abatement funding has ended. In this section, please explain if you intend to extend the project past the abatement funding period. What strategies you plan to employ to ensure sustainability?

- 1) Does this organization plan to extend this project beyond the funding period?
 - a. If so, what will be the funding mechanism(s) to continue the project?
- 2) What percentage of the proposed project's budget will be carried by abatement funding? What are the other sources of funding for the proposed program?

Credibility

Explain the commitment of the organization's project to the community such as the marketing strategy, public education opportunities, etc.

- 1) What is the service track record of the organization in Tennessee?
- 2) Please provide links or references to relevant previous projects that your organization has overseen.

Please attach the following items listed below:

- Itemized budget of grant request amount
- Applicant's current IRS determination letter 501(c)(3) status
- Any agency licenses through TDOH or TDMHSAS
- List of applicant's board members and their relevant experience
- Most recent audited financial statements (income and balance sheet)
- Most recent IRS Form 990 and attachments
- Applicant's operating budget for its current fiscal year
